

SECOND TERM CIRCULAR

RUNNING CREEK.

2nd, 3rd, 4th June.

A base camp and 3 throughwalks will be run. 2 of the throughwalks will go from O'Reilly's to Running Creek.

Anyone wishing to come must contact Ken Warner (7-3638) before Sunday 27th May.

GENERAL MEETING.

Wednesday 13th June

This meeting will be devoted to a talk and demonstration of rock-climbing techniques, illustrated by Kodachromes. It is in preparation for the rockclimbing afternoon.

ROCKCLIMBING AFTERNOON

Sunday 17th June

This will be held opposite the Botanic Gardens, on the cliffs at Kangaroo Point. Anyone interested should ring a committee member to find out how to get there. The afternoon will be of great interest to anyone who wants to learn how to move on rock, how to use the rope safely, and how to apply some of the many interesting techniques. All bushwalkers should know something of this, and, of course, rockclimbing is itself a fascinating pastime.

GLASSHOUSES TRIP

23rd - 24th June

Now is a chance to apply some of the fun learnt at the rockclimbing afternoon. There will be plenty of easy and harder places to climb, ranging from scrambles to more difficult routes. Everyone will be catered for, and a thoroughly interesting and beautiful weekend is promised.

GENERAL MEETING.

Wednesday 27th June

Set aside for a slide competition. Judging will be made on selections of no more than ten (10) slides. Anyone can enter.

Don't forget to bring some supper.

NAVIGATION TRIP.

7th - 8th July

This will be run in the mess between Ballow and Barney, lovely country to get lost in, so let's have a good roll up as this sort of trip is very enjoyable.

*Extra Evening Friday 13 July - Tea in Refe - 6:30 onwards B9.*

WYERSH. This is granite country near Stanthorpe, with great boulders, caves, and fantastic scenery. The trip will be a base camp. This may also be your first opportunity to see real snow, so come prepared. The equipment officer advises me to tell you to get in early for your two (2) sleeping bags!

21st - 22nd July.

GENERAL MEETING.

Wednesday 25th July

We will have a speaker along for this meeting. Your entry ticket to the meeting will be in the form of an edible delicacy, so don't forget.

PARTY.

Saturday 1st September

We have not yet found an outlandish enough place to have this, but we are still looking. Has anyone any suggestions?

ANNUAL GENERAL MEETING.

Wednesday 5th September

At this meeting, the committee for next year will be elected, so don't fail to attend. This is the most important meeting of the year.

THIRD TERM DAYWALK.

Sunday 16th September

Anyone who thinks he has to study on this day is way out! He just doesn't realise the advantages to be gained from a stimulating day in the bush. So drag your heads from your foul tank holes and live a little.

This year we will go to Mt. Maroon, where the wild flowers should be beautiful. It will be an easy day, and a restful one. We might even get back home on Sunday night (ulcers permitting).

---

Would everyone please remember the magazine. We want articles, and quickly. Surely you must have been disgusted, impressed, pleased, excited, or envious about something. We also would like black and white photographs with articles, although only 2 or 3 will be finally selected. We want a vertical format photograph for the cover, too. Remember this is your magazine.

Congratulations and best wishes to John Carter and Pam Kropp, and to Graham Hardy and Margaret Gray, who have recently been married.

---

GORDON GRIGG.  
Honorary Secretary.
