

UNIVERSITY OF QUEENSLAND BUSHWALKING CLUB

CIRCULAR

February, 1960.

29th Jan. - 1st Feb. (Australia Day Weekend)

(A Reminder)

Basecamp and Throughwalk
Albert River

Basecamp: On Albert-Morans junction, with Castle Crag, Black Canyon, Red-Rock Cutting, Lost World, Moran's Falls and Mt. Widgee nearby, and, of course, swimming - an excellent area for base-camping.

Throughwalk: This will be a hard trip, but it is not often that one has the opportunity of seeing Christmas Creek, Pt. Lookout, Mt. Throaklan, Widgee, Lost World and Albert-Moran's Creek junction all in the one weekend. There are already a number of people straining at the lash in readiness for this trip.

19th - 21st February Emu Creek (Base Camp)

This interesting area contains the spectacular steaners, the magnificent Canns Plain (a bare-topped mountain believed to have been an aboriginal meeting place), and Panorama Point and Lizard Lookout. This area has been very popular with the Club over the past few years.

Would anyone wishing to come on either of these trips please contact Keith Scott (97-5818) a week before the trip

Committee in Brisbane during vacation:

President:	Peter Reimann	7-3329
Treasurer:	Keith Scott	97-5818
Librarian:	Judy Bryan	7-2288
