

UNIVERSITY OF QUEENSLAND BUSHWALKING CLUB

CIRCULAR:

February, 1952.

Dear Member,

This year the Club hopes that members will organise more walks on their own initiative, with more emphasis on through-walking. To encourage this, rucksacks have been purchased by the Club, and may be hired at a nominal fee.

Membership stands at seventy and while we would like to see the membership grow, it would be even more gratifying if the proportion of active members were to increase.

Organised activities start with:-

Freshers' Meeting: 7.45 p.m. on Wednesday, 5th March, in the Zoology Lecture Theatre. Freshers will be introduced to the aims and activities of the Club and a variety of kodachromes will be shown to illustrate the scenic delights of bushwalking.

Please bring a little supper.

Evening Meetings: As in the past, these will be held once a month on Wednesday evenings.

Tracks: During the year the track at Cunningham's Gap will need a little maintenance, and there is a possibility that more tracks will be cut if members show the same keenness for healthy exercise that they did in 1951.

Club Outings: The following list of suggestions for outings is given for the guidance of members. Further information about them will be given by the committee at preceding meetings.
