

UNIVERSITY OF QUEENSLAND BUSHWALKING CLUB.

February, 1951.

CIRCULAR.

Dear Member,

This year the Club hopes to expand and be more active than it was in 1950.

Organised activities start with:

Freshers Meeting:- 7 p.m. Wednesday 28th February, General Purposes Hall, George Street. It is hoped as many 1950 members as possible will attend, as well as just as many freshers, or more. Outstanding kodachromes of Queensland, New South Wales and the walkers' state, Tasmania, will be shown; so do come. There may even be a free supper.

Club Outings:- Keep this for future reference.

Sunday 4th March - Day walk - Strathpine to Closeburn.

March 23rd-27th - Easter (a) Cunningham's Gap
and (b) through walk Laidley Creek-Cunningham's Gap.

April 14th-15th - Glasshouse Mountains

May 5th, 6th, 7th - Numinbah Valley

June 9th, 10th, 11th Stradbroke Id.

July 14th, 15th - (a) Flinders Peak
or (b) through walk Grandchester-Lowood.

Day Walks - Only one has been included above but it is certain additional ones will be inserted, as are desired.

Private Trips - Originality and independence mark the higher attainments of bushwalking and the club wants to foster any private enterprise especially when this is carried on in areas not generally visited.

Huts and Tracks - At various stages of the year it is intended, having gained permission, to construct at least one hut and one track in chosen areas on, or adjacent to, Brisbane "Scenic Rim".

Evening Meetings - In general once a month on Wednesdays. The first such will be held on 14th March and it is expected some advice on bushwalking technique and equipment will be handed out.

The organisation of outings would be very much simplified if participants in outings could, in general, attempt to have their deposits for such trips in the hands of the organisers even three (3) weeks before.

Social Functions - These could be organised if desired, though it is true they do not enter into the category of Bushwalking as such.

Jon Stephenson
Hon. Secretary (U.5055)

Committee 1951.
