

UNIVERSITY OF QUEENSLAND BUSHWALKING CLUB.

CIRCULAR.

17th February, 1960.

24th February

Freshers' Welcome.

George St. Refectory at 7.30pm.

All old members are reminded that the Freshers' Welcome is to be held on Wednesday 24th of this month. Help make this a success by coming along, (bringing along with you plenty of supper, of course,) and setting the freshers at ease. Slides are to be shown by various people on different aspects of bushwalking, and should be extremely interesting. So don't forget. Come along, and bring some supper.

5th-6th March.

Freshers' Walk.

Mt. Ballow & Burnett Creek.

Our first walk of the new term is the freshers' walk to Mt. Ballow and Burnett Creek, leader - Peter Reimann. It is to be a base camp, with a wide area of interest. Good walking with Bald Knob, waterfalls, and plenty of opportunity for swimming and excellent views of Mt. Barney, and other areas visited last year, and to be visited this year, are to be had.

Come along and get to know the freshers, and show them how much enjoyment can be got from walking.

Further trips this year are to be to Running Creek, Mt. Castle, Upper Portals (Mt. Barney) Swan Creek, Wyberba, and a navigational. So don't forget to bring your 5/- along to the Freshers' Welcome, (as well as all that supper).

Congratulations to Patty Gillingham on the birth of a fine pair of twin girls.

Congratulations also to Erica Steedman and Don Galloway on their recent marriage. The club wishes them all the best for the future.

A by-election is to be held for the post of Outings Officer following the resignation from the post of Arthur Rosser. It will be held in the General Meeting on the 8th March.
