

# UQBWC

UNIVERSITY OF QUEENSLAND BUSHWALKING CLUB

NOTICE.

(8TH.)

25th.- 26th. June. ....

GLASSHOUSE MTS.

.....

After trying to teach you a few basic principles of rock-climbing, we can now only let you loose on the real thing, ie. the East face of Tibrogargan. Tibrogargan is an impressive chunk of rock, an old volcanic neck, standing not far from the main highway, some 60 miles North of Brisbane. In climbing this mountain, we will need your confidence and your common sense to make it an enjoyable experience. The caves route up is not particularly hard.

Sandshoes are recommended, or suitably soled boots. If you are coming, could you contact Ken Warner (7.3638.) Transport will be either train to Glasshouses, or private where possible. If you can provide a car, could you also fill Ken in on this point, so that passengers can be arranged.

Tuesday 29th. June. ....

GENERAL MEETING AND FILM  
EVENING.

.....

This evening should be at St. Lucia, and the main film "Conquest of Everest." More precise information of the evening will be on the notice board soon.

.....

Congratulations and best wishes to Gwen Johnson and Peter Spradbrow who were married last May. The club wishes them the very best for the future.

.....

B.L. Bolton

(Hon. Secretary.)
